Since 2009, over forty fantastic volunteers and six phenomenal landscape companies and their employees, have assisted seventy five families in the central Ohio area.

Through money raised from the Janet Alexander Memorial, we have provided mulch, plants, and containers, workshops for our volunteers and continuing education for landscape students and landscape company employees.

Janet first found out about HHG during one of her treatments at the James. After her initial call with Elaine, she walked around the house for days saying "I feel like I have won the lottery!" She told everyone she knew about HHG and what wonderful work they were doing. She would be thrilled that her name is associated with an event to make people more aware of such a great organization.

Janet loved the beach, whether it was walking, reading or just relaxing. After moving to Ohio in 95' she made her annual summer pilgrimages out to Cape Cod to see her family. There were years we were concerned if she would ever return home but she always did with a big smile on her face!

**Welcome** to the fourth annual Janet Alexander Memorial Golf Tournament, and Garden Party!

*We are pleased to present this event to honor Janet's memory on behalf of an organization near and dear to her heart— Helping Hands in the Garden.*

*We sincerely appreciate your participation—staff, golfers, volunteers, and those who generously donated time, talent and treasure to bring this day to fruition.*

Sincerely,

Dr. Michael Fleitz

Dr. Jeffrey Tilson

The volunteers, clients, families, and friends of Helping Hands in the Garden invite you to the 2014—4th Annual Janet Alexander Memorial being held at the beautiful Winding Hollow Golf Course

With the generous support we received from the golf outings, we have created flowering gardens, mulched, and provided words of consolation for those in treatment for cancer. Workshops for volunteers, clients, and their families and friends have been formed to promote the therapeutic aspects of gardening, whether through painting flowers or planting a pot for summer color.

We want to thank Dr. Fleitz, Dr. Tilson, their entire staff, and our volunteers who are committed to the success of Helping Hands in the Garden.

Sincerely,

Elaine Euwer
